Transforming complex problems into scalable, high-impact AI-driven solutions. With a 6-month professional internship under my belt and a foundation as a national-level athlete, I combine technical precision in cloud architecture and backend development with the competitive discipline to ship robust, production-ready applications.

Technical Skills

- **Languages:** JS(ES6+), TypeScript, Python, HTML5, CSS3
- **Frontend:** React.js, Next.js, Redux, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js, Django, Flask, REST APIs
- **Database:** MongoDB, MySQL, Firebase, AWS, Azure.
- **DevOps & Tools:** Git, GitHub, Docker, Kubernetes, CI/CD, Jest, Mocha, AI-Integrated Workflows, Agile Methodologies.
- **Cloud:** AWS (basic), Azure (basic)
- **Concepts:** Authentication, MVC Architecture, API Design, Agile, AI Integration

My Achievements

Team Leader – Secured 2nd Prize

- Smart India Hackathon (SIH) 2025: Team Lead; secured 2nd Prize for developing an innovative technical solution under strict time constraints.

Hackathon Participation

- Active contributor in EV Techathon 6.0 and ROBO Hackathon 2025, specializing in AI-driven hardware/software integration.

Academic/Technical Awards

- 4-time recipient of the Excellent Sport Achievement Award (KIT); Ranked 3rd at Karma-Tech Project Exhibition.

10M Air Pistol Shooting

- University Champion (DBATU): Awarded 2 Gold and 2 Silver Medals in 10M Air Pistol; demonstrated elite focus and discipline.

Education

B.Tech in CSE, Karmayogi Institute of Technology, Pandharpur
2026 | Pandharpur
7.6/10

HSC (12th), Shiv Shambhu Art & Science Junior College, Kaner
2022 | Kaner
70%

Projects & Intern

Full Stack Development , Intern

01/2026 – 07/2026

- Successfully completed a 6-month Full Stack Development internship, gaining hands-on experience in designing, developing, and maintaining scalable web applications using modern development practices.

Online Face Recognition System , Python, Flask, Web-dev

- Developed a real-time face recognition attendance system with an intuitive, responsive web interface for seamless monitoring and management.

Shanti Portal | Mental Wellness Platform , MERN Stack

- Engineered a full-stack mental wellness platform with secure authentication and optimized frontend performance, improving security and reducing page load times by 25%.

Aqua Flow Web-app , MERN Stack

- Built a scalable React-based web application featuring optimized component design and an intuitive user experience.

Shooting Performance & Focus Trainer , MERN Stack

- Built a high-performance training platform for marksmen, featuring a responsive interface that improved user engagement by 50%.

Creative Agency Portfolio , MERN Stack

- Designed and developed a responsive, high-end portfolio website with modern typography and optimized imagery, ensuring a consistent user experience across all devices.

Certifications

- **Introduction to Artificial Intelligence** — Great Learning
- **Generative AI Studio Certification** — Google Cloud and Simplilearn SkillUp
- **HTML & CSS Development** — STP Computer Education
- **AI for Entrepreneurship** — Using AI for business innovation, automation, & startup solutions
- **Computer Ethics in AI** — Microsoft & LinkedIn

Interests

- **Leadership & Collaboration** — Proven leadership skills demonstrated through hackathon team management and collaborative project development.
- **10M Air Pistol Shooter (National)** — Participated in All India ,National Championships.

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge. I am committed to contributing my technical expertise and integrity to your organization
